SUBPART 215.3-SOURCE SELECTION

(Revised August 28, 2007)

215.303 Responsibilities.

(b)(2) For high-dollar value and other acquisitions, as prescribed by agency procedures, the source selection authority shall approve a source selection plan before the solicitation is issued. Follow the procedures at PGI 215.303(b)(2) for preparation of the source selection plan.

215.304 Evaluation factors and significant subfactors.

- (c)(i) In acquisitions that require use of the clause at FAR 52.219-9, Small Business Subcontracting Plan, other than those based on the lowest price technically acceptable source selection process (see FAR 15.101-2), the extent of participation of small businesses and historically black colleges or universities and minority institutions in performance of the contract shall be addressed in source selection. The contracting officer shall evaluate the extent to which offerors identify and commit to small business and historically black college or university and minority institution performance of the contract, whether as a joint venture, teaming arrangement, or subcontractor.
 - (A) See PGI 215.304(c)(i)(A) for examples of evaluation factors.
- (B) Proposals addressing the extent of small business and historically black college or university and minority institution performance may be separate from subcontracting plans submitted pursuant to the clause at FAR 52.219-9 and should be structured to allow for consideration of offers from small businesses.
- (C) When an evaluation assesses the extent that small businesses and historically black colleges or universities and minority institutions are specifically identified in proposals, the small businesses and historically black colleges or universities and minority institutions considered in the evaluation shall be listed in any subcontracting plan submitted pursuant to FAR 52.219-9 to facilitate compliance with 252.219-7003(g).
- (ii) In accordance with 10 U.S.C. 2436, consider the purchase of capital assets (including machine tools) manufactured in the United States, in source selections for all major defense acquisition programs as defined in 10 U.S.C. 2430.
- (iii) See 247.573-2(c) for additional evaluation factors required in solicitations for the direct purchase of ocean transportation services.

See DoD Class Deviation <u>99-O0002</u>, Past Performance, issued on January 29, 1999. This deviation is effective until further notice.

215.305 Proposal evaluation.

SUBPART 247.5-OCEAN TRANSPORTATION BY U.S.-FLAG VESSELS (Revised August 28, 2007)

247.570 Scope.

This subpart—

(a) Implements—

- (1) The Cargo Preference Act of 1904 ("the 1904 Act"), 10 U.S.C. 2631, which applies to the ocean transportation of cargo owned by, or destined for use by, DoD; and
- (2) Section 1017 of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364), which requires consideration of the extent to which offerers have had overhaul, repair, and maintenance work performed in shipyards located in the United States or Guam;
- (b) Does not specifically implement the Cargo Preference Act of 1954 ("the 1954 Act"), 46 U.S.C. 1241(b). The 1954 Act is applicable to DoD, but DFARS coverage is not required because compliance with the 1904 Act historically has resulted in DoD exceeding the 1954 Act's requirements; and
- (c) Does not apply to ocean transportation of the following products, in which case FAR Subpart 47.5 applies:
 - (1) Products obtained for contributions to foreign assistance programs.
- (2) Products owned by agencies other than DoD, unless the products are clearly identifiable for eventual use by DoD.

247.571 Definitions.

"Covered vessel," "overhaul, repair, and maintenance work," and "shipyards," as used in this subpart, have the meaning given in the provision at 252.247-7026, Evaluation Preference for Use of Domestic Shipyards – Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Noncontiguous Trade.

247.572 Policy.

- (a) DoD contractors must transport supplies, as defined in the clause at 252.247-7023, Transportation of Supplies by Sea, exclusively on U.S.-flag vessels unless—
- (1) Those vessels are not available, and the procedures at 247.573-1(c)(1) or 247.573-2(d)(1) are followed;
- (2) The proposed charges to the Government are higher than charges to private persons for the transportation of like goods, and the procedures at 247.573-1(c)(2) or 247.573-2(d)(2) are followed; or

- (3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges are excessive or unreasonable in accordance with 247.573-1(c)(3) or 247.573-2(d)(3).
- (b) Contracts must provide for the use of Government-owned vessels when security classifications prohibit the use of other than Government-owned vessels.
- (c)(1) Any vessel used under a time charter contract for the transportation of supplies under this section shall have any reflagging or repair work, as defined in the clause at 252.247-7025, Reflagging or Repair Work, performed in the United States or its outlying areas, if the reflagging or repair work is performed—
- (i) On a vessel for which the contractor submitted an offer in response to the solicitation for the contract; and
 - (ii) Prior to acceptance of the vessel by the Government.
- (2) The Secretary of Defense may waive this requirement if the Secretary determines that such waiver is critical to the national security of the United States.
- (d) In accordance with Section 1017 of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364)—
- (1) When obtaining carriage by vessel, DoD must consider the extent to which offerors have had overhaul, repair, and maintenance work for covered vessels performed in shipyards located in the United States or Guam; and
- (2) DoD must submit an annual report to the congressional defense committees, addressing the information provided by offerors with regard to overhaul, repair, and maintenance for covered vessels performed in the United States or Guam.

247.573 Procedures.

247.573-1 Ocean transportation incidental to a contract for supplies, services, or construction.

- (a) This subsection applies when ocean transportation is not the principal purpose of the contract, and the cargo to be transported is owned by DoD or is clearly identifiable for eventual use by DoD.
- (b) The contracting officer must obtain assistance from the cognizant transportation activity (see 247.105), in developing—
- (1) The Government estimate for transportation costs, irrespective of whether freight will be paid directly by the Government; and
- (2) Shipping instructions and delivery terms for inclusion in solicitations and contracts that may involve transportation of supplies by sea.
- (c) If the contractor notifies the contracting officer that the contractor or a subcontractor considers that—

- (1) No U.S.-flag vessels are available, the contracting officer must request confirmation of the nonavailability from--
- (i) The Commander, Military Sealift Command (MSC), through the Contracts and Business Management Directorate, MSC; or
- (ii) The Commander, Military Traffic Management Command (MTMC), through the Principal Assistant Responsible for Contracting, MTMC.
- (2) The proposed freight charges to the Government, the contractor, or any subcontractor are higher than charges for transportation of like goods to private persons, the contracting officer may approve a request for an exception to the requirement to ship on U.S.-flag vessels for a particular shipment.
- (i) Prior to granting an exception, the contracting officer must request advice, oral or written, from the Commander, MSC, or the Commander, MTMC.
- (ii) In advising the contracting officer whether to grant the exception, the Commander, MSC, or the Commander, MTMC, must consider, as appropriate, evidence from—
 - (A) Published tariffs;
 - (B) Industry publications;
 - (C) The Maritime Administration: and
 - (D) Any other available sources.
- (3) The freight charges proposed by U.S.-flag carriers are excessive or otherwise unreasonable--
- (i) The contracting officer must prepare a report in determination and finding format, and must—
- (A) Take into consideration that the 1904 Act is, in part, a subsidy of the U.S.-flag commercial shipping industry that recognizes that lower prices may be available from foreign-flag carriers. Therefore, a lower price for use of a foreign-flag vessel is not a sufficient basis, on its own, to determine that the freight rate proposed by the U.S.-flag carrier is excessive or otherwise unreasonable. However, such a price differential may indicate a need for further review;
- (B) Consider, accordingly, not only excessive profits to the carrier (to include vessel owner or operator), if ascertainable, but also excessive costs to the Government (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition) resulting from the use of U.S.-flag vessels in extraordinarily inefficient circumstances; and
- (C) Include an analysis of whether the cost is excessive, taking into account factors such as--

- (1) The differential between the freight charges proposed by the U.S.-flag carrier and an estimate of what foreign-flag carriers would charge based upon a price analysis;
 - (2) A comparison of U.S.-flag rates charged on comparable routes;
- (3) Efficiency of operation regardless of rate differential (e.g., suitability of the vessel for the required transportation in terms of cargo requirements or vessel capacity, and the commercial reasonableness of vessel positioning required); and
 - (4) Any other relevant economic and financial considerations.
- (ii) The contracting officer must forward the report to-(A) The Commander, MSC, through the Contracts and Business Management Directorate, MSC; or
- (B) The Commander, MTMC, through the Principal Assistant Responsible for Contracting, MTMC.
- (iii) If in agreement with the contracting officer, the Commander, MSC, or the Commander, MTMC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

247.573-2 Direct purchase of ocean transportation services.

- (a) This subsection applies when ocean transportation is the principal purpose of the contract, including—
 - (1) Time charters;
 - (2) Voyage charters;
 - (3) Contracts for charter vessel services;
 - (4) Dedicated contractor contracts for charter vessel services:
 - (5) Ocean bills of lading; and
- (6) Subcontracts under Government contracts or agreements for ocean transportation services.
- (b) Coordinate these acquisitions, as appropriate, with the U.S. Transportation Command, the DoD single manager for commercial transportation and related services, other than Service-unique or theater-assigned transportation assets, in accordance with DoDD 5158.4, United States Transportation Command.
 - (c) All solicitations within the scope of this subsection must provide--
 - (1) A preference for U.S.-flag vessels in accordance with the 1904 Act;

- (2) An evaluation factor or subfactor for offeror participation in the Voluntary Intermodal Sealift Agreement; and
- (3) An evaluation factor or subfactor considering the extent to which offerors have had overhaul, repair, and maintenance work for covered vessels performed in shipyards located in the United States or Guam.
- (d) Do not award a contract of the type described in paragraph (a) of this subsection for a foreign-flag vessel unless—
- (1) The Commander, MSC, or the Commander, MTMC, determines that no U.S.-flag vessels are available.
- (i) The Commander, MSC, and the Commander, MTMC, are authorized to make any determinations as to the availability of U.S.-flag vessels to ensure the proper use of Government and private U.S. vessels.
 - (ii) The contracting officer must request such determinations--
- (A) For voyage and time charters, through the Contracts and Business Management Directorate, MSC; and
- (B) For ocean and intermodal transportation of DoD and DoD-sponsored cargoes, as applicable under contracts awarded by MTMC, including contracts for shipment of military household goods, through the Chiefs of the MTMC Ocean Cargo Clearance Authority.
- (iii) In the absence of regularly scheduled U.S.-flag service to fulfill stated DoD requirements under MTMC solicitations or rate requests, the Commander, MTMC, may grant, on a case-by-case basis, an on-going nonavailability determination for foreign-flag service approval with predetermined review date(s);
- (2) The contracting officer determines that the U.S.-flag carrier has proposed to the Government freight charges that are higher than charges to private persons for transportation of like goods, and obtains the approval of the Commander, MSC, or the Commander, MTMC; or
- (3) The Secretary of the Navy or the Secretary of the Army determines that the proposed freight charges for U.S.-flag vessels are excessive or otherwise unreasonable.
- (i) After considering the factors in 247.573-1(d)(3)(i)(A) and (B), if the contracting officer concludes that the freight charges proposed by U.S.-flag carriers may be excessive or otherwise unreasonable, the contracting officer must prepare a report in determination and finding format that includes, as appropriate—
- (A) An analysis of the carrier's costs in accordance with FAR Subpart 15.4, or profit in accordance with 215.404-4. The costs or profit should not be so high as to make it unreasonable to apply the preference for U.S.-flag vessels;
- (B) A description of efforts taken pursuant to FAR 15.405, to negotiate a reasonable price. For the purpose of FAR 15.405(d), this report is the referral to a level above the contracting officer; and

- (C) An analysis of whether the costs are excessive (i.e., costs beyond the economic penalty normally incurred by excluding foreign competition), taking into consideration factors such as those listed at 247.573-1(d)(3)(i)(C).
 - (ii) The contracting officer must forward the report to--
- (A) The Commander, MSC, through the Contracts and Business Management Directorate, MSC; or
- (B) The Commander, MTMC, through the Principal Assistant Responsible for Contracting, MTMC.
- (iii) If in agreement with the contracting officer, the Commander, MSC, or the Commander, MTMC, will forward the report to the Secretary of the Navy or the Secretary of the Army, respectively, for a determination as to whether the proposed freight charges are excessive or otherwise unreasonable.

247.573-3 Annual reporting requirement.

- (a) No later than February 15th of each year, departments and agencies shall—
- (1) Prepare a report containing all information received from offerors in response to the provision at 252.247-7026 during the previous calendar year; and
- (2) Submit the report to: Directorate of Acquisition, U.S. Transportation Command, ATTN: TCAQ, 508 Scott Drive, Scott AFB, IL 62225-5357.
- (b) The Director of Acquisition, U.S. Transportation Command, will submit a consolidated report to the congressional defense committees in accordance with Section 1017 of Pub. L. 109-364.

247.574 Solicitation provisions and contract clauses.

- (a) Use the provision at 252.247-7022, Representation of Extent of Transportation by Sea, in all solicitations except—
 - (1) Those for direct purchase of ocean transportation services; or
- (2) Those with an anticipated value at or below the simplified acquisition threshold.
- (b)(1) Use the clause at 252.247-7023, Transportation of Supplies by Sea, in all solicitations and resultant contracts, except those for direct purchase of ocean transportation services.
- (2) Use the clause with its Alternate I in other than construction contracts, if any of the supplies to be transported are commercial items that are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations.

Part 247--Transportation

- (3) Use the clause with its Alternate II in other than construction contracts, if any of the supplies to be transported are commercial items that are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.
- (4) Use the clause with its Alternate III in solicitations and contracts with an anticipated value at or below the simplified acquisition threshold.
- (c) Use the clause at 252.247-7024, Notification of Transportation of Supplies by Sea, in all contracts for which the offeror made a negative response to the inquiry in the provision at 252.247-7022, Representation of Extent of Transportation by Sea.
- (d) Use the clause at 252.247-7025, Reflagging or Repair Work, in all time charter solicitations and contracts for the use of a vessel for the transportation of supplies, unless a waiver has been granted in accordance with 247.572(c).
- (e) Use the provision at 252.247-7026, Evaluation Preference for Use of Domestic Shipyards Applicable to Acquisition of Carriage by Vessel for DoD Cargo in the Coastwise or Noncontiguous Trade, in solicitations for carriage of cargo by vessel for DoD. See 247.573-3 for reporting of the information received from offerors in response to the provision.

(Revised August 28, 2007)

252.247-7000 Hardship Conditions.

As prescribed in 247.270-6(a), use the following clause:

HARDSHIP CONDITIONS (AUG 2000)

- (a) If the Contractor finds unusual ship, dock, or cargo conditions associated with loading or unloading a particular cargo, that will work a hardship on the Contractor if loaded or unloaded at the basic commodity rates, the Contractor shall--
- (1) Notify the Contracting Officer before performing the work, if feasible, but no later than the vessel sailing time; and
- (2) Submit any associated request for price adjustment to the Contracting Officer within 10 working days of the vessel sailing time.
- (b) Unusual conditions include, but are not limited to, inaccessibility of place of stowage to the ship's cargo gear, side port operations, and small quantities of cargo in any one hatch.
- (c) The Contracting Officer will investigate the conditions promptly after receiving the notice. If the Contracting Officer finds that the conditions are unusual and do materially affect the cost of loading or unloading, the Contracting Officer will authorize payment at the applicable man-hour rates set forth in the schedule of rates of this contract.

(End of clause)

252.247-7001 Price Adjustment.

As prescribed in 247.270-6(b), use the following clause:

PRICE ADJUSTMENT (JAN 1997)

- (a) The Contractor warrants that the prices set forth in this contract—
- (1) Are based upon the wage rates, allowances, and conditions set forth in the collective bargaining agreements between the Contractor and its employees, in effect as of (<u>insert date</u>), and which are generally applicable to the ports where work under this contract is performed;
- (2) Apply to operations by the Contractor on non-Government work as well as under this contract; and
 - (3) Do not include any allowance for cost increases that may—
- (i) Become effective under the terms of the collective bargaining agreements after the date in paragraph (a)(1) of this clause; or
- (ii) Result from modification of the collective bargaining agreements after the date in paragraph (a)(1).

- (b) The Contractor shall notify the Contracting Officer within 60 days of receipt of notice of any changes (increase or decrease) in the wage rates, allowances, fringe benefits, and conditions that apply to its direct labor employees, if the changes—
 - (1) Are pursuant to the provisions of the collective bargaining agreements; or
 - (2) Are a result of effective modifications to the agreements; and
 - (3) Would change the Contractor's costs to perform this contract.
 - (c) The Contractor shall include in its notification—
- (1) A proposal for an adjustment in the contract commodity, activity, or workhour prices; and
 - (2) Data, in such form as the Contracting Officer may require, explaining the—
 - (i) Causes;
 - (ii) Effective date: and
- (iii) Amount of the increase or decrease in the Contractor's proposal for the adjustment.
- (d) Promptly upon receipt of any notice and data described in paragraph (c), the Contractor and the Contracting Officer shall negotiate an adjustment in the existing contract commodity, activity, or man-hour prices. However, no upward adjustment of the existing commodity, activity, or work-hour prices will be allowed in excess of ____ percent per year, except as provided in the Changes clause of this contract.
- (1) Changes in the contract prices shall reflect, in addition to the direct and variable indirect labor costs, the associated changes in the costs for social security, unemployment compensation, taxes, and workman's compensation insurance.
- (2) There will be no adjustment to increase the dollar amount allowances of the Contractor's profit.
- (3) The agreed upon adjustment, its effective date, and the revised commodity, activity, or work-hour prices for services set forth in the schedule of rates, shall be incorporated in the contract by supplemental agreement.
- (e) There will be no adjustment for any changes in the quantities of labor that the Contractor contemplated for each specific commodity, except as may result from modifications of the collective bargaining agreements. For the purpose of administering this clause, the Contractor shall submit to the Contracting Officer, within five days after award, the accounting data and computations the Contractor used to determine its estimated efficiency rate in the performance of this contract, to include the Contractor's computation of the costs apportioned for each rate set forth in the schedule of rates.

Part 252-Solicitation Provisions and Contract Clauses

- (f) Failure of the parties to agree to an adjustment under this clause will be deemed to be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract. The Contractor shall continue performance pending agreement on, or determination of, any such adjustment and its effective date.
- (g) The Contractor shall include with the final invoice submitted under this contract a statement that the Contractor has not experienced a decrease in rates of pay for labor, or that the Contractor has given notice of all such decreases in compliance with paragraph (b) of this clause.

(End of clause)

252.247-7002 Revision of Prices.

As prescribed in 247.270-6(c), use the following clause:

REVISION OF PRICES (DEC 1991)

- (a) *Definition*. "Wage adjustment," as used in this clause, means a change in the wages, salaries, or other terms or conditions of employment which—
 - (1) Substantially affects the cost of performing this contract;
- (2) Is generally applicable to the port where work under this contract is performed; and
- (3) Applies to operations by the Contractor on non-Government work as well as to work under this contract.
- (b) *General*. The prices fixed in this contract are based on wages and working conditions established by collective bargaining agreements, and on other conditions in effect on the date of this contract. The Contracting Officer and the Contractor may agree to increase or decrease such prices in accordance with this clause.

(c) Demand for negotiation.

- (1) At any time, subject to the limitations specified in this clause, either the Contracting Officer or the Contractor may deliver to the other a written demand that the parties negotiate to revise the prices under this contract.
- (2) No such demand shall be made before 90 days after the date of this contract, and thereafter neither party shall make a demand having an effective date within 90 days of the effective date of any prior demand. However, this limitation does not apply to a wage adjustment during the 90 day period.
- (3) Each demand shall specify a date (the same as or subsequent to the date of the delivery of the demand) as to when the revised prices shall be effective. This date is the effective date of the price revision.
- (i) If the Contractor makes a demand under this clause, the demand shall briefly state the basis of the demand and include the statements and data referred to in paragraph (d) of this clause.

Part 252-Solicitation Provisions and Contract Clauses

- (ii) If the demand is made by the Contracting Officer, the Contractor shall furnish the statements and data within 30 days of the delivery of the demand.
- (d) *Submission of data*. At the times specified in paragraphs (c)(3)(i) and (ii) of this clause, the Contractor shall submit—
- (1) A new estimate and breakdown of the unit cost and the proposed prices for the services the Contractor will perform under this contract after the effective date of the price revision, itemized to be consistent with the original negotiations of the contract;
- (2) An explanation of the difference between the original (or last preceding) estimate and the new estimate;
- (3) Such relevant operating data, cost records, overhead absorption reports, and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate;
- (4) A statement of the actual costs of performance under this contract to the extent that they are available at the time of the negotiation of the revision of prices under this clause; and
- (5) Any other relevant data usually furnished in the case of negotiations of prices under a new contract. The Government may examine and audit the Contractor's accounts, records, and books as the Contracting Officer considers necessary.

(e) Negotiations.

- (1) Upon the filing of the statements and data required by paragraph (d) of this clause, the Contractor and the Contracting Officer shall negotiate promptly in good faith to agree upon prices for services the Contractor will perform on and after the effective date of the price revision.
- (2) If the prices in this contract were established by competitive negotiation, they shall not be revised upward unless justified by changes in conditions occurring after the contract was awarded.
- (3) The agreement reached after each negotiation will be incorporated into the contract by supplemental agreement.
- (f) Disagreements. If, within 30 days after the date on which statements and data are required pursuant to paragraph (c) of this clause, the Contracting Officer and the Contractor fail to agree to revised prices, the failure to agree shall be resolved in accordance with the Disputes clause of this contract. The prices fixed by the Contracting Officer will remain in effect for the balance of the contract, and the Contractor shall continue performance.
 - (g) Retroactive changes in wages or working conditions.
- (1) In the event of a retroactive wage adjustment, the Contractor or the Contracting Officer may request an equitable adjustment in the prices in this contract.

Part 252-Solicitation Provisions and Contract Clauses

- (2) The Contractor shall request a price adjustment within 30 days of any retroactive wage adjustment. The Contractor shall support its request with—
- (i) An estimate of the changes in cost resulting from the retroactive wage adjustment;
 - (ii) Complete information upon which the estimate is based; and
- (iii) A certified copy of the collective bargaining agreement, arbitration award, or other document evidencing the retroactive wage adjustment.
- (3) Subject to the limitation in paragraph (g)(2) of this clause as to the time of making a request, completion or termination of this contract shall not affect the Contractor's right under paragraph (g) of this clause.
- (4) In case of disagreement concerning any question of fact, including whether any adjustment should be made, or the amount of such adjustment, the disagreement will be resolved in accordance with the Disputes clause of this contract.
- (5) The Contractor shall notify the Contracting Officer in writing of any request by or on behalf of the employees of the Contractor which may result in a retroactive wage adjustment. The notice shall be given within 20 days after the request, or if the request occurs before contract execution, at the time of execution.
